Appalachian State University has 15,000 students and is a member institution of the 16-campus University system of North Carolina. Ranked by US News and World Report as one of the top 15 among southern regional universities since 1986.

Boone is located in the beautiful western mountains of North Carolina, just a few miles from the Tennessee and Virginia borders. With mild summers and winter skiing, the area is quite attractive to visitors with interest in outdoor activities.

The Psychology Department has 32 full-time Ph.D. faculty members, ~ 600 undergraduate majors and 100 full-time graduate students.

Graduate Master's Programs in Psychology

Clinical Health

The Clinical Health Graduate program offers an academic and applied curriculum designed to prepare a graduate for licensure and practice in NC as an M.A. level Psychologist, or for doctoral study. We combine a scientific approach to psychotherapy and assessment training, research opportunities, and a behavioral health component, with a series of supervised practical training experiences with clients in professional settings.

Program Director - Dr. Bob Hill (Hillrw@appstate.edu)

General Experimental

The General Experimental Master's Program faculty is composed of 16 full-time faculty members representing the areas of biological, cognitive, developmental, ecological, forensic, health, learning, personality, quantitative, and social psychology. The Program's scholarly-mentoring model prepares students for future pursuit of doctoral-level training at other institutions. In recent years, 80 percent of our students who have applied to doctoral programs have successfully gained admission.

Program Director - Dr. Doris Bazzini (Bazzinidg@appstate.edu)

Industrial/Organizational – Human Resource Management

The I/O-HRM program offers an interdisciplinary Master of Arts degree from the Departments of Psychology and Management. Our primary goal is to prepare professionals for work in business, industry, and government. In a national survey of master's programs in I/O psychology, our program ranked second for Program Culture, third for Program Resources, and seventh for Program Costs (Kraiger & Abalos, 2004).

Program Director - Dr. Tim Huelsman (Huelsmantj@appstate.edu)

School Psychology

Fully accredited by NCATE/NASP and the NC Department of Public Instruction, the School Psychology program is a three-year, full-time program leading to the Master of Arts and Specialist in School Psychology degrees. This multidisciplinary program is designed to prepare practitioners who are competent to provide comprehensive school psychological services, including consultation and problem solving, psychoeducational and behavioral assessment and intervention planning, individual and group counseling, staff development, and applied research. School districts and other agencies eagerly recruit our students, both for internship placements and for employment following graduation.

Program Director - Dr. Pam Kidder-Ashley (Ashleypk@appstate.edu)
